TOKIO SAYS CONCEDE NO MORE. Government Strongly Urged to Stand Firm

Special Cable Despatch to THE SUN. TOKIO, Aug. 25 [Delayed] .- The Tokio ewspapers in general strongly insist that, in view of its tremendous sacrifices in blood and treasure, the nation would not acquiesce in concessions at the expense of territorial demands. They urge the Government rather to break off the peace negotiations and continue the war to the bitter end. The Nichi Nichi alone suggests the dismentling of Vladivostok and the granting of free navigation and commerce on the Amur by Russia to Japan as alternatives for the concession of the island of Sakhalin.

Hitherto the high sentimentality which powerfully influences Japanese decisions has seemed to render a second abandonment of Japan's primitive rights in Sakhalin im-

TOWN HAS MADE HISTORY, WHY NOT AGAIN?

Natives Banking on Past Performance for the Success of This Conference
—Contrast of This Meeting Place and the Palaces in St. Petersburg and Tekio.

PORTSMOUTH, N. H., Aug. 26,--You cannot make your proud, genuine Portsmouther believe that the prospects for peace are anything but brilliant. The wish is father to the thought. The backstairs conference, which hankers to get back to Washington, New York or Paris, believes that every meeting is going to bring the break. Portsmouth, which wants the peace named after the town, can see only peace.

"The treaty of Portsmouth"-why even Washington would be proud of giving its name to a treaty like this.

Portsmouth has a good unofficial reason for the faith that is in it. Wherever history is making, Portsmouth manages to tear off its share. Its luck is wonderful. In the revolution they built the Ranger here and Paul Jones sailed his all-victorious flee from the harbor of Portsmouth. In the War of 1812 this was the main station for fitting out the American navy. The War of 1812 was a naval war, as every one knows, so that Portsmouth gets the lion's share of the glory. Portsmouth didn't score very heavily in the Mexican war, but then that was an unjust imperialistic war anyway and utterly unworthy of the help of New

In the civil war Portsmouth was the muster place for the Yankee troops from this part of the country. Here when the war began foregathered the Second New Hampshire Regiment, commanded by Col. Gilman Marston, who was afterward the most bestoried general officer in the Union army. It was he who was once approached his chaplain, a Baptist, who told him that a rival regiment had just gone through a great revival. The chaplain thought that there should be an awakening in their be," said the General, and forthwith ordered a detail out to be baptized. Gen. Marston once refused to put his troops aboard a transport, saying that he brought the Second New Hampshire out to fight and not to drown. The Kearsarge was built at Portsmouth. The Union army with Gen. Marston's aid won the war. The Kearsarge smashed the terror of the Confederate navy. Portsmouth luck again.

You wouldn't think that Portsmouth would get into a little affair like the Spanish war, fought by regulars and rough riders away down in Cuba, but she did. For i was to her that they brought the Spanish naval prisoners. The United States won the Spanish war in a walk. Portsmouth

In the face of this evidence it is utterly inconceivable to the Portsmouth mind that this conference should not result in peace and that the peace should not be named after the town. To deny this would be to assert that Portsmouth's historical luck has taken a total flop.

A SKETCH OF CONTRASTS.

A little debate in the palm garden to-day set us talking and thinking of the serious affair at which we are assisting here. It is hard to remember that the bargain is for a treasure so big as to be past imagination. for the future of nations, that upon its issue hangs the possibility of 100,000 tragedies in the paper houses of Nippon and the huts of Muscovy. And we fell to marvel ing at the contrast between the game and its field. At Tokio, at St. Petersburg and at the Wentworth, New Castle, N. H. they are threshing out the question of

At St. Petersburg the Czar and his Grand Dukes hold counsel in the palace of a hundred tragedies. They move through dark and splendid corridors, where life guard and Cossack salute as they pass; they meet in the chamber of state with all the formality of empire. Before the palace ten

Regiments guard this, too; the splendor of the East with the military display of the West.

Here in Newcastle, N. H.; in the wooder hotel built by a plain Yankee citizen as a summer resort, four gentlemen in frock coats, representing a big slice of the brains in the Japanese and Russian governments, are meeting in the office of a general stores building, living amongst summer girls and tennis men, getting their washing mixed with the shirts, collars and lingerie of a family in the wholesale grocery business. Pokotiloff wears starched white coats in the morning. Last washday he sent four of them to the laundry. The washing came back, but not the coats. He kicked at the deek. The clerk sent out a tracer. Thomas Reid, vice-president of the Eppens, Smith & Wiemann Company, dealers in coffee, died on Friday at his home, I West Ninety second street. Mr. Reid was born in Bridport, England, in 1830, and came to this country in 1849 to accept a place as clerk in a tea and coffee house in Brooklyn. A, few years later he bought out the business and in 1835 established the business at 299 Washington street. This he sold out to the company of which he was vice-president several years ago. He was a charter member of Kane Lodge, No. 454, F. and A. M. He leaves a widow and several children.

Toblas Murdock, 65 years old, who for many years kept a famous oyster house in New Rochelle, was found dead in bed at his home there early yesterday. Death was due to heart disease. Years ago Murdook was chief constable of New Rochelle, a post which now corresponds to Chief of Police. His oyster house was patronized by many men prominent in Westchester county a generation ago. He was a veteran of the Twenty-second New York Regiment and was a member of the famous Harry Howard Hook and Ladder Company.

The Pianola and Pianola Piano

in Clubs, Bachelor Apartments and "Dens"

BVEN YBARS of experience in selling the Pianola in every quarter of the globe has brought to light an interesting fact :

When the instrument was first introduced it was thought that women would constitute the principal class of patrons, by reason of their supposed greater interest in music. But actual experience has shown that men are every bit as appreciative of the opportunities for musical enjoyment which the Pianola provides.

The Pianola Piano being played by music roll. It can also be played from the keyboard like an ordinary plane.

Prices of the fletr: style Planola, \$280 and \$300

To-day there are literally thousands of business men throughout the country and abroad who turn regularly to the Pianola for relaxation and as a means to relieve the strain of modern commercial life.

Many have said that for this purpose alone, and aside from its artistic value or the pleasure it gives other members of the family, the Pianola is worth many times its cost. "If I could not get another, I would not part with my Pianola for a thousand dollars," is a remark often heard.

> In bachelor apartments, "dens" and clubs-both distinctively men's clubs and country clubs—the Pianola is found to fit admirably into the general purpose. For example, of the more important clubs connected with Princeton University, the following have all purchased

Princeton Athletic Association Ivy Club Tiger Inn Club Princeton Elm Club Campus Club Princeton Charter Club

There are now two forms in which the Pianola may be obtained: one as a cabinet to play any plano, moved up in front of the keyboard and emoved at will.

The other form is that of the Pianola Piano. Here the Pianola is an integral part of the piano itself. There is nothing to move up in front of the keyboard. The change from hand-playing to Pianola-playing can be made instantaneously. Both piano and Pianola are just as effective as in the separate instruments.

PRINTING STRUGGLE BEGINS. Union Men in Chicago Protest Against Open Shop Notices.

CHICAGO, Aug. 26 .- The struggle between Chicago union printers and the Chicago Typothetæ began in earnest at noon to-day, when 258 men employed at six places protested against the open shop notices posted and the employment of non-union men and left the shops.

"The printers have simply been locked out," said John C. Harding, organizer for the typographical union. "They will not return to work Monday, but they will call to get the pay now du e to them."

The first open shop notices were posted

in the shops of R. R. Donnelley & Sons Company and A. R. Barnes & Co. Before noon several non-union men had been put to work and their arrival in the shops was closely followed by the appearance of President E. R. Wright of the Typographical Union and Organizer Harding, who

The chief point of difference between

the printers and the employers is the length of the work day. The Typographical Union announced some time ago that an eight hour day would be demanded as a universal standard in this country stain. The Typo theatae of the United States took action some time later in opposition to the move. No settlement could be arrived at and the war was known to be coming on.

There were eleven persons on board, including several women and children, all of whom welcomed the Greenville men with shouts of joy. The Sadie took the launch in tow and proceeded to the shore without any further mishaps.

Mr. Herig said later that there was no explosion on the launch. Something went wrong with her engine, he explained, and like most naphtha launches she just cut up. He said the lifesavers did not take the trouble to ask the persons on the launch for their names and addresses.

"There might have been an explosion," he added, "if the boys hadn't gone to their assistance."

RUSSIAN OFFICERS TOO GAY. Beeing Bolsterous.

SAN FRANCISCO, Aug. 26.—Capt. A. Gunthe and his second officer, Capt. S. Ratmanifa, at the Mare Island navy yard, were turne out of the Palace Hotel during the small hours of yesterday. With their baggage they were ejected and along with them went two women with whom they had enjoyed midnight automobile ride. Two officers have been frequent visitors to the Tenderloin during their exile at Mare Is-

land.

Their female companions were Mrs. Smith, who claims to be the wife of Samuel Smith, American Consul at Warsaw, and Miss Allyn of New York. Mrs. Smith wore many diamonds and she received calls from many Russian officials. Among her warmest admirers have been the two naval officers. On Thursday night the party of four went out to dinner and returned very late. They were boisterous and broke the rules of the hotel, so a watchman of the top floor reported them and they got ten minutes to gather up their effects and leave. The women left on a trian for Portland on Friday morning and the Russians returned to the quiet of the navy yard.

Mr. Mack sustained a scalp wound and was made unconscious. His injuries would have been much more severe had it not been for aid promptly rendered by Miss Catherine Lawrence, 17, who lives at 104 West Seventy-escond street.

Miss Lawrence noticed the horse bearing down upon the old man before he was aware of his danger. Darting to him, she took hold of his arm and pulled him far enough from haim's way so that the horse missed him. With the aid of Thomas Bell, of Riverside Drive and Seventy-escond street, Miss Lawrence then carried him to a drug store. a drug store.

The injured man was taken to Bellevue Hospital. He was able to leave for home after his wound was dressed.

Autos in Floral Parade. Long Branch, N. J., Aug. 26.—The automobile floral parade here this afternoon drew a large crowd. Between forty and fifty cars were in line. Many of the decorations were unique. W. T. Romanino's Pope-Toledo was purely Egyptian in its makeup. The occupants were Mr. and Mrs. Romanino, Miss Fuller and W. C. Fuller. C. H. Hyde's Royal Tourist was one perfect bed of hydrangeas, while Clement B. Asbury's two cars, a Packard and auto car, were red gladiolas and white. Prizes were awarded as follows:

Most Beautifully Decorated Car—Mrs. C. B. Asbury, first; Mrs. Asbury, second, and Charles H. Ryrde, third.
Most Unique Decoration—W. A. Engeman, Pope-Toledo, decorated in Japanese roses, first; Edward H. Most, second.
Most Botesque—W. T. Romenine, first; J. M. Worsen, second.

LA SAVOIE NOT ADRIFT.

Tug Left Her Because of Gale, but the hence on Thursday for Newport News to have her intermediate port shaft, fractured on her last trip to this port, replaced by a new one, was left by her tug escort, the big oceangoing Nonpareil, at 9 o'clock on Friday night at anchor near Fenwick's Island, off the Delaware coast. The Nonpareil belongs to the White Star Towing Company, and its superintendent, Albert J. Grant, said yesterday that the report from Norfolk that Le Sarote was defitied. from Norfolk that La Savoie was drifting

in the Gulf Stream was "foolish." She went away under her starboard engine, the tug acting more as a pilot than towboat, and there was no probability of her drifting any more than there was during

her drifting any more than there was during the time she was finishing the last 400 miles of her voyage from Havre to Sandy Hook, when she used her starboard engine only. Mr. Grant received this report from Capt. Charles Day of the Nonpareil, which put into Norfolk yesterday morning:

"Left ship off Fenwick's Island at 9 P. M. Gale of wind. Leave for ship as soon as weather permits."

Naturally, the captain of La Savole did not want to take chances going down a coast that he knows little about unaccompanied by a pilot, and he anchored where Capt. Day would be able to pick him up to-day. The Nonpareil is 150 feet long and one of the stanchest oceangoers hereabouts, so it is inferred that the gale that drove her into haven must have been unusually fierce.

A despatch from Norfolk last night said that at 5 P. M. La Savole went slowly past Cape Henry on her way to Newport News.
